2017 – 2018 Annual Report

Presented by Mitchell Pockett
At the RES Annual General Meeting
July 27th, 2018

TABLE OF CONTENTS

1. Agenda
2. President's Report
3. Financial Report
4. Committee Reports
 - Social
 - Merchandise
 - Communications
 - Technical Presentations
 - Engineering Horizons Dinner
5. Constituent Society Reports
 - IEEE
 - University of Regina
 - CSCE
 - RGG
 - RESS

Date: Friday, July 27th, 2018

Location: Murray Golf Course

1. Call Meeting to Order
2. Adopt Agenda
3. Introduction of 2017 – 2018 Executive

Executive:

Mitchell Pockett, President

Waqar Khan, Vice-President

Brett Kelln, Past President

Simon Li, Treasurer/Merchandise

Robert Schultz, Secretary

Greg Stephenson, Social Director

Jose Rodriguez, Technical Presentations

Deborah Lewko, Communications/Website

Simon Li, Merchandise/Assistant Social

Kaylee Puchala, APEGS

Rob Jones, University of Regina

Douglas Wagner, University of Regina

4. President's Report
5. Financial Report
 - 5.1. Adopt Budget
7. Committee Reports
 - a. Social
 - b. Merchandise

9. New Business

- a. Items from Members
- b. Installation of 2018 - 2019 Executive

Executive:

Mitchell Pockett, President

Deborah Mihial, Communications/Website

Waqar Khan, Vice-President

Simon Li, Merchandise

Brett Kelln, Past President

Robert Schultz, Secretary

Nicole Barber, APEGS / C&I

Simon Li, Treasurer

Douglas Wagner, University of Regina

Mitchell Pockett, Social Director

Rob Jones, University of Regina

Vacant, Technical Presentations

Constituent Societies:

Brent Miller, CSCE

Darrell Mihial, RGG

Ian Sloman, IEEE

TBD, RESS

10. Adjournment

2017 – 2018 PRESIDENT'S REPORT

I have been involved with the RES since 2015, and in this short time with the RES have learned the many different ways RES members strive to help the community they came from or reside in.

I have been fortunate to experience firsthand all the hard work each RES Executive Member provides. There were some minor changes within our executive leaving some position vacant. Our executive took up the initiative and shared the responsibility of these positions throughout the year. In the coming year the RES is hoping to see an increase in volunteers and will be actively indicating this to our members. I would like to sincerely thank all the Executive Members for their efforts this year despite the difficulties with volunteers, it is only because of their dedication we are able to continue to promote engineering throughout our community.

The 2017 – 2018 Regina Engineering Society Executive Committee consisted of:

Mitchell Pockett, President	Deborah Lewko, Communications/Website
Waqar Khan, Vice-President	Simon Li, Merchandise/Assistant Social
Brett Kelln, Past President	Kaylee Puchala, APEGS
Andy Lang, Treasurer	Rob Jones, University of Regina
Robert Schultz, Secretary	Douglas Wagner, University of Regina
Greg Stephenson, Social	
Jose Rodriguez, Technical Presentations	

The mandate of the RES is to provide a platform for professional networking through a variety of events over the course of the season. There are a number of successful social events hosted by the RES which include our IMAX & Science Centre Day, the Beer and Billiards Night, our Family and Friends Bowling Day, our Annual Golf Tournament and the Annual Horizon's Dinner recognizing our engineering members.

More details on individual events are available in the committee reports in the following pages.

regina **engineering** society

4581 Parliament Avenue #300, Regina, SK S4W 0G3

regina.engineering.society@gmail.com

One of the most direct ways the RES supports the engineering community is by providing financial support to local education institutions. The status of the sponsorships was reviewed and scrutinized with an eye by the Executive to ensure that our membership's interests were reflected. This year the RES has continued to cement that pledge by continuing to provide judging and financial rewards for the University of Regina's Fourth Year Project Day. This year we provided 3 RES Awards for deserving projects as the University of Regina no longer needed our support regarding the Lockheed Martin Scholarship Award.

We've also taken initiative in providing support to our community by working with Big Brothers and Big Sisters, two separate organizations in Regina, Mother Teresa Middle School in order to sponsor a STEM based event for each. One organization put on an event put together by Engineering for Kids and the other put on an event put together by the Regina Science Center.

The RES would also like to give a big thanks to APEGS, particularly the administrative staff at the office, the Connections and Involvement Committee and the RES membership for supporting our many endeavors.

I have thoroughly enjoyed the past seasons spent with the RES and my time as President, and would recommend this committee to anyone that is interested in getting involved in the engineering community in Regina.

Sincerely,

REGINA ENGINEERING SOCIETY

Mitchell Pockett, P.Eng

RES President

FINANCIAL REPORT

EMAIL MEMORANDUM

To: Mitchell Pockett, P. Eng. From: Xiangning (Simon) Li, P. Eng.
Office: President Office: Treasurer
Date: June 2, 2018
Re: 2017-2018 Treasurer’s Report

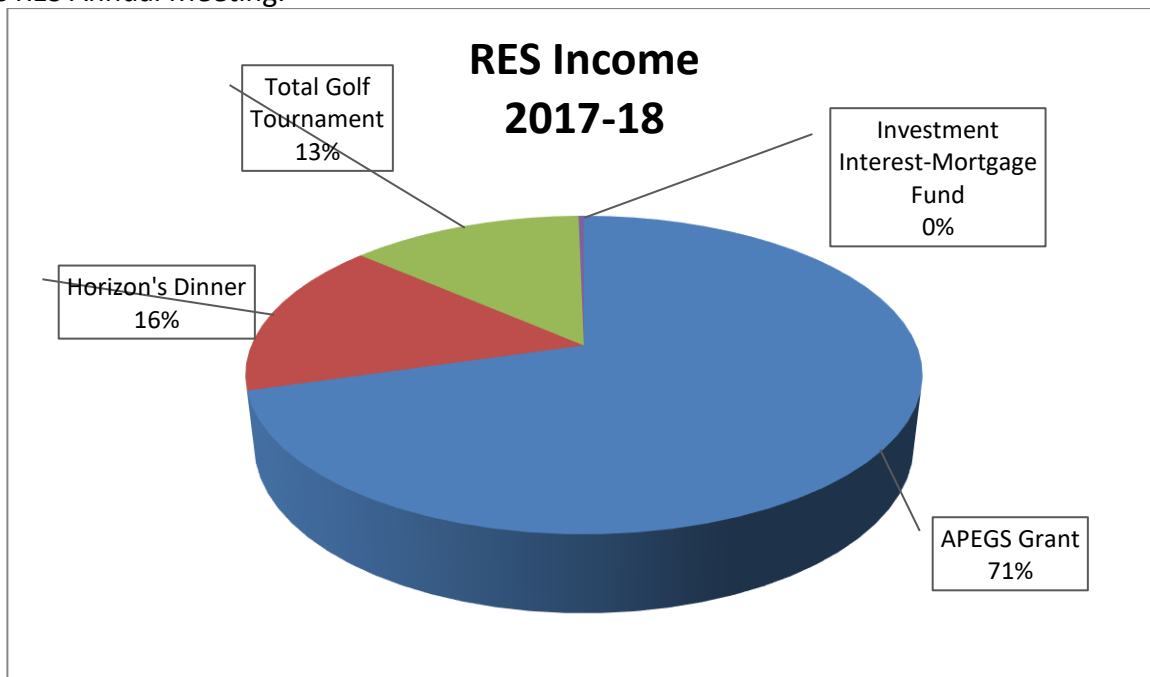

Report Overview:

Included with the attached Financial Statements are the following detailed statements:

- Income Statement 2017-2018
- Balance Sheet 2017-2018
- Inventory Statement 2017-2018
- Budget 2018–2019

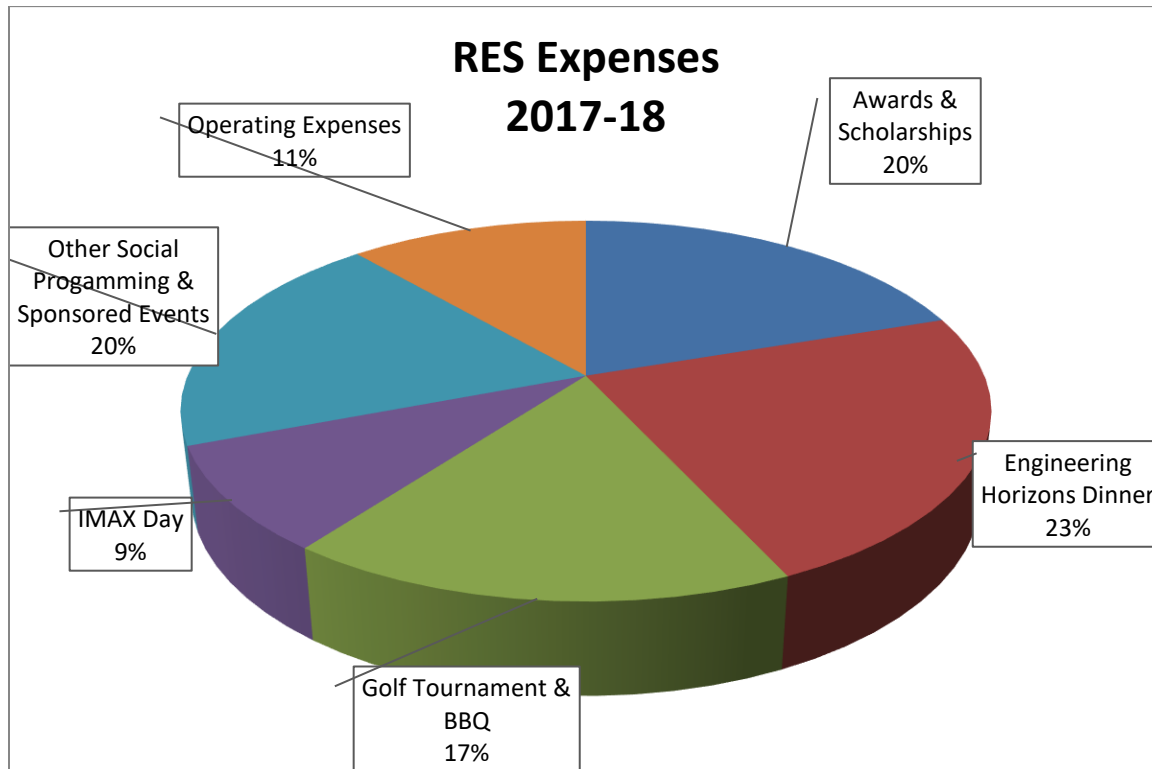

In 2017-2018 the Regina Engineering Society (RES) realized a net profit of \$ 676.52 based on income of \$27,685.00 and expenses of \$ 27,008.48. 71% of the RES revenue (\$19,575) is provided through a member grant from the Association of Professional Engineers and Geoscientists of Saskatchewan (APEGS) and the RES is indebted to APEGS for this financial contribution. The Horizon’s Dinner (16%) and the Annual Golf Tournament (13%) contribute the remainder of the income.

RES fees are collected and distributed by the Association of Professional Engineers and Geoscientists of Saskatchewan in the form of a yearly grant. The grant is based on the number of Professional Engineers (\$10.00) and Engineers-In-Training (\$5.00) located in Regina and surrounding communities. Grant disbursements are made annually on the calendar year after the RES Annual Meeting.

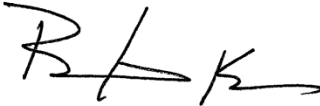

The RES balances its expenditures through select contributions to supporting higher education through awards and scholarships (20%), the keystone Horizon's Dinner (23%), Social Programs including the Meet the Executive (20%), Imax Day (9%) and the Annual Golf Tournament (17%). Operating expenses account for 11% of the RES expenditures.

Respectfully submitted,

Xiangning (Simon) Li, P.Eng.
Treasurer, Regina Engineering Society

I, Brett Kelln, Past President of the Regina Engineering Society, having knowledge of the transactions of the Society, do hereby certify that, to the best of my knowledge, the financial statements included with this financial report are an accurate representation of the financial status for the 2016-2017 fiscal year.

SIGNED:  DATE: July 23, 2018
Brett Kelln, P.Eng.

Re: 2017-2018 Social Director Report

BEER AND BILLIARDS NIGHT

The Beer and Billiards night was held on October 5, 2017 at the Broken Rack. The night included the monthly meeting, dinner, and professional networking over friendly games of pool. The turnout for the event this year was quite high with both student presence and industry professional presence alike. The overall atmosphere for the evening was positive.

BOWLING DAY

An afternoon of bowling for members families and friends was held March 11, 2018. The turnout for the event was high with almost all registrants attending. Prizes were given out following the two-hour bowling period. In future years it was decided that 5 pin bowling would be more appropriate for the event over the 10-pin bowling that occurred this year.

IMAX AND SCIENCE CENTRE

The IMAX and Science Center day on Sunday, April 22, 2018 continues to be a success with the full registration of 159 persons! This year’s showing of “Panda 3D” was fairly well attended with approximately 120 attendees with the majority of these attendees also spending time at the Science Centre following the film.

ANNUAL GOLF TOURNAMENT AND AGM

The Annual RES Golf Tournament, BBQ and AGM are scheduled to be held on July 27, 2018 at the Murray Golf Course.

Budget Summary

The total RES Social Event losses for the year were as follows:

EVENT	TOTAL COSTS	BUDGET FOR 2018-2019
Beer & Billiards Night	\$969.53	\$750
Bowling Day	\$1,414.73	\$1,500
Imax & Science Centre	\$2,367.10	\$2,400
Annual Golf & AGM (2016)	\$4,555.56	\$4,500

Sincerely,

REGINA ENGINEERING SOCIETY

Re: 2017-2018 Merchandise Report

In the year of 2016-2017, RES purchased the new merchandise items with the total value of \$ 2067.26 on November 23rd, 2016. The merchandise items include 500 Becky ballpoint pens, 50 Cayman travel tumblers and 100 16GB wooden USB flash drivers. The merchandise items were all imprinted with RES logo. 17 USB flash drivers, 17 travel tumblers and 27 pens have been distributed to the 2017 RES Horizon’s Dinner, Novice Female Jaguars Hockey Team and a gift item to Mr. Ian Sloman for his great contribution to the Regina Engineering Society.

In the year of 2017-2018, 5 USB flash drivers, 5 travel tumblers and 5 pens have been distributed in the bowling event on March 11, 2018. 20 USB flash drivers, 15 travel tumblers and 30 pens have been distributed to the 2018 RES Horizon’s Dinner.

Summary

The total remaining RES merchandise inventory at year end is as follows:

Type	Amount	Cost per unit (Tax Included)	Estimated Net worth
USB FLASH DRIVES	58	\$11.275	\$653.95
TRAVEL TUMBLERS	13	\$10.175	\$132.28
YELLOW PENS	219	\$0.88	\$192.72
RED PENS	219	\$0.88	\$192.72
		Total:	\$1,171.67

The approved budget for RES Merchandise was \$1500 for the fiscal year 2017-2018. The actual merchandise purchase was zero for the fiscal year 2017-2018. The distribution of the RES merchandise items was \$ 516.18 for the year 2017-2018. The total approved budget for RES merchandise was \$1500 for the fiscal year 2018-2019.

	2015 - 2016	2016 – 2017	2017-2018
Merchandise Order	\$0	\$2067.26	\$0
Total Merchandise	\$365.37	\$2067.26	\$1687.85
Distribution & Cost	\$365.37	\$379.41	\$516.18
Remaining Merchandise	\$0	\$1687.85	\$1171.67
Budget for next year	\$1500	\$1500	\$1500

Sincerely,

REGINA ENGINEERING SOCIETY

Re: 2017 – 2018 Technical Presentations Report

Unfortunately, we were unable to host any technical presentations this year. We have been in discussions with the University of Regina regarding hosting professional presentations for students during classes in hopes of providing valuable insight into the industry during their school careers. We will be exploring different avenues of technical presentations in the coming year.

We will be looking for a driven individual in the new year to fulfill this position and help get the RES more involved in this area.

Sincerely,

Re: 2017-2018 Engineering Horizons Dinner Report

The 2018 Engineering Horizons Dinner was held at the Conexus Arts Center on May 14, 2017. A total of 110 registered guests attended the event. The Horizons Dinner featured Dwayne Selinger and Mark Sax from K+S Potash Canada as the keynote speakers. Dwayne and Rod review the multibillion dollar K+S Legacy project at Bethune, Saskatchewan. They reviewed details on the project and discussed some of the issues K+S faced as part of the construction and commissioning of this greenfield project.

Our MC for the evening was Margaret Hodges who gave greetings before the RES recognized two deserving professionals for their commitment and service to the engineering community. This year's Engineering Excellence Award was presented to Dr. Raman Paranjape. The Engineer-in-Training Award, was presented to Stacey Benesh. Additionally, the RES presented the University of Regina funded Lockheed Martin Scholarship to Matt Koshman, Drake Cornell, and Arsalan Khan . The RES also awarded two University of Regina 4th year project groups with the RES Project Day awards, one group consisting of Brennan Ngyuyen and Jasmine Barton, and the other group consisting of Dan Martin and Isaiah Peters.

CONSTITUENT SOCIETY REPORTS

EMAIL MEMORANDUM

To: Mitchell Pockett, P.Eng. From: Ian Sloman, P.Eng.
Office: President Office: IEEE Representative
Date: May 31, 2017
Re: South Sask. Section IEEE Final Report

The 2018 IEEE Executive:

Chair	Raman Paranjape
Vice-Chair	Irfan Al-Anbagi
Secretary	Shahedur Rahman
Treasurer	Jason Whitelaw
Young Professionals Chair	Jason Whitelaw
Member Development	Brent Maksymiw
Student Activities	Arsalan Khan / Adam Tilson
Education Activities	Zhanle Wang
TISP Coordinator	Victor Edoho
Young Professionals	Jason Whitelaw
Computer Chap Chair	Craig Gelowitz
Webmaster	Christopher Pikula
RES Representative	Ian Sloman

This year, we managed to attract new members to our executive.

We sent two members of our executive to the IEEE Sections Congress in Australia.

As part of our continuing professional development mandate we held a 'Grounding and Bonding Seminar' which attracted a good attendance, particularly from SaskPower. We are planning to follow that up with a seminar on a topic more related to SaskTel and its employees. A workshop to be given by Dr. Chung and some of these students from U of S is also planned. Discussion is also beginning on the possibility of applying for the IEEE Canadian Conference on Electrical & Computer Engineering for 2022.

Our AGM last fall featured Wayne Timm, P.Eng. with an enlightening presentation "**Everyone Knows That... Right?? – A look at "common knowledge" and the fact that it is not common**".

We also co-sponsored, with the U of R Faculty of Engineering and Applied Science a seminar "**Maintenance and Engineering Management of the CT-114 Tutor Aircraft of the Canadian Forces Snowbirds**" by Capt. K.S.Z. Pilatzke.

Again, this year, Professor Paranjape brought some former students to give a presentation to senior engineering students on the transitions from the classroom to jobs.

regina **engineering** society

4581 Parliament Avenue #300, Regina, SK S4W 0G3

regina.engineering.society@gmail.com

We were also involved with Campbell Collegiate robotics program. The students from Campbell went on to represent the city at provincials which they won and will be going on to the national competition in Toronto.

We are in the process of setting up mock job interviews in coordination with the student branch. These interviews are targeted to give students practice with interview process. The interviews will come from SaskPower, SaskTel and a local industry.

There is also an upcoming social event for the IEEE Young Professionals at the virtual reality venue here in Regina.

Sincerely,

Ian Sloman, P.Eng.
IEEE Representative

8. Two other engineering student teams were acknowledged at the 2018 Horizon's event by the RES – Isaiah Peters and Dan Martin for their “Residential Protective Relay” and the ISE/EVSE Team “Anerobic Digestion System Requirements” represented by the ISE students Brennan Nguyen and Jasmyne Barton.
9. 2018 Horizon's also saw Dr. Raman Paranjape honoured for his work in engineering excellence by the RES.
10. The U of R Chapter of Engineers without Borders was again very active in 2017/2018, with a summary of major events including:
 - URSU Welcome Week (club fair & student centres and snacks)
 - Fair Trade Campus Week 2018 (activities to engage and educate campus community about Fair Trade; also community outreach through sponsorship and promotion of fair trade commerce venues) --- included fair trade movie night, fair trade wine evening, etc.)
 - Run 2 End Poverty --- engaged community runners (varsity teams were also invited to participate as part of their training)
 - RESS Beer Fest coat check, F18 (fund raiser as EWBERs handle coat check activities)
 - Youth engagement presentations (activities done in various schools in South Saskatchewan ... mostly in Regina)
 - Inter-organizational retreat with WUSC and Amnesty
 - Fall chapter retreat (motivation, training and chapter bonding activities)
 - EWB Christmas party (member bo- sending activity and planning event)
 - Hosted a Kumvana fellow (Prince Anim) – engaged with university and greater community ... special seminar given by Prince
 - Sent 15 delegates to Engineers Without Borders National xChange conference (where 5 delegates led and designed workshops/sessions) --- this is one of our most expensive activities as partial participant support is provided
 - Participated in SCIC World Food Day event
 - Participated in national advocacy campaign
 - Sent one delegate to president's retreat
 - Sent two delegates to EWB national Day of Action in Ottawa
 - Tabled with Luther for their annual Valentine's fair trade bake sale
 - Hosted an Energy Futures Forum at the University (this was a new initiative open to and attended by government policy makers, faculty and students and the public low enrolment but two day event was well received by those who attended.
 - Provided 6 events with fair trade coffee, including one of the upcoming Congress AGMs for international studies
 - Hosted more than 10 member learning sessions on conference events such as: the root causes of poverty, and more
 - Participated in EWBs national holiday fundraising campaign
 - Hosted a burger night fundraiser at Bonzinni's
 - Sent four EWBERs to the RESS's 50th anniversary gala
 - Hosted three events for the RESS's ENGG week

4581 Parliament Avenue #300, Regina, SK S4W 0G3

regina **engineering** society

- Created an online campaign for Fashion Revolution Week
- Hosted a national office team member's visit
- Advocacy activities conducted in conjunction with National Office
 - Several information forums with participants across Canada discussing various EWB ventures (i.e. Truth and Reconciliation possibilities and opportunities for EWB)
- initiated planning and activities for a Global Engineering Competition (time conflicts with project day affected this event: will implement earlier in the upcoming academic year).

Sincerely,

REGINA ENGINEERING SOCIETY

EMAIL MEMORANDUM

To: Mitchell Pocket, P.Eng. From: Brent Miller, P.Eng.
Office: President Office: CSCE Representative
Date: July 10, 2018
Re: CSCE
2017 - 2018 Final Report

The Section resumed monthly meetings in September 2017 and continued these meetings to May 2018.

The Section has hosted four technical presentations this winter as well as sponsored the 6th annual popsicle bridge construction competition at the University of Regina. The topics for the luncheon presentations were:

- Lac-Megantic's Human and Environmental Disaster
- Saskatoon's North Commuter Parkway Project
- Consideration of Climate Change in the Design of Public Infrastructure

The CSCE executive is currently working on topic ideas for luncheon presentations for next year's fall and winter months.

The CSCE – Regina Chapter would like to thank the engineering community for their continued support of the CSCE luncheons and events.

Respectfully submitted,

Brent Miller, P.Eng.
CSCE Representative

 Date: May 18, 2018
 Re: 2017-2018 Regina Geotechnical Group (RGG) Report

Regina Geotechnical Group (RGG) is a local chapter of the Canadian Geotechnical Society with catchment area of Southern Saskatchewan. RGG's new executive team was elected in the fall of 2016 and consists of the following members:

Role	Name	Affiliation
Chair	Harpreet Panesar	Government of Saskatchewan
Section Director	Jasyn Henry	Water Security Agency
Secretary Treasurer	Anna Torgunrud	JD Mollard and Associates
Communications Director	Heather Duncan	Clifton Associates Ltd
Program Director	Krystin Robinson	SNC-Lavalin
GeoEnvironmental Program Chair	Ryan Kozun	Clifton Associates Ltd
Geohazards Program Chair	Bret Dundas	Water Security Agency
Linear Infrastructure Program Chair	Corey Gorrill	SaskEnergy
Instrumentation Chair	Kyle Mason	GKM Consultants
University Representative	Alexander Gannochka	University of Regina

RGG hosted a number of technical presentations and the details are summarized below.

Date	Speaker	Affiliation	Title	Attendance
24 Oct 2017	Richard Sack	Tencate	Basal Reinforced & Pile Supported Embankments	36
22 Nov 2017	Dr. David Elwood	University of Saskatchewan	Edmonton LRT Tunnels – A History and Comparison	36
14 Dec 2017	Chris Hill	Agriculture and Agri-Food Canada	How Dams Age	37
23 Jan 2018	Rashedul Chowdhary	Clifton Associates Ltd.	North Commuter Parkway Bridge - Dynamic Load Testing and Foundation Challenges	37
21 Feb 2018	Ian Corne	Nilex Inc	Sub-Structure Erosion	36
15 Mar 2018	Lynden Penner	J.D. Mollard and Associates	GeoCelebration 2018 – Keynote presentation “Leadership and legacy of Dr. Jack Mollard”	93
24 May 2018	Dr. T.D. O'Rourke	Cornell University	Cross Canada Lecture Tour - Ground Deformation Effects on Subsurface Pipelines and Infrastructure Systems	29

REGG hosted their first annual general meeting in an evening event showcased as “GeoCelebration 2018”. REGG members honoured the passing of a true legend Dr. Jack Mollard (1924 – 2017) and local professionals that have received honours in the recent past. Lynden Penner delivered a heartfelt keynote presentation at GeoCelebration highlighting the leadership and legacy of Dr. Jack Mollard.

REGG would like to thank the following industry sponsors for their support and engagement this year:

Local Sponsors (in alphabetical order): APEGS, Brockwhite, Canadian Geotechnical Society, Clifton Associates Ltd., Conetec, Cross Borders Drilling, Earth Drilling, G.E. Environmental Solutions Inc., GKM Consultants, IECS Environmental, JD Mollard and Associates Ltd, KPCL Dirt Movers, Mobile Augers and Research Ltd, Moose Jaw Engineering Society, Nilex Inc, Paddock Drilling Ltd, Regina Engineering Society, Saskatchewan Geological Society, Saskatoon Geotechnical Group, SNC-Lavalin, Tencate, Tensar, Thurber Engineering Ltd, Wood Plc.

Corporate Sponsors for Cross Canada Lecture Tours: BGC, Thurber Engineering Ltd, and Klohn Crippen Berger, Clifton Associates

REGG was a “Silver” sponsor for the University of Regina’s “Project Day 2018”. REGG is also going to sponsor a member-in-training to attend the upcoming 2018 Canadian Geotechnical Society’s Annual Conference in Edmonton.

The REGG executives are currently working on ideas for lunch and learn presentations for next year’s fall and winter months. The REGG would like to thank the engineering community and its industry partners for their continued support.

Sincerely,

Harpreet Panesar, M.Sc., P.Eng.

REGG Representative
